J.R. Cattington Interiors Wins Gold Prism Award in Interior Design from the Gold Coast Builders Association

Briarcliff Manor, NY (October 1, 2007) – J.R. Cattington Interiors announced today that it has won a Gold 2007 Prism Award in Interior Design from the Gold Coast Builders Association. The 2007 Gold Award for “Interior Design for a Single-Family Detached Home on a Large Lot” was presented to J.R. Cattington for the company’s design work on the home of Richard and Carol Kaplan in Aberdeen Estates, Boynton Beach, FL.

Joseph R. Stabile, President of J.R. Cattington, received the Prism Award at a celebration on August 25, 2007, at the Eunice & Julian Cohen Pavillion, Kravis Center, in West Palm Beach, FL.

Stabile said, “The Prism Awards are really the ‘Academy Awards’ of the Florida Gold Coast. Having received a Silver Award in 2005, it was especially gratifying to be honored this year with the Gold.”

Sponsored by the Sales & Marketing Council of the Gold Coast Builders Association, the PRISM Awards, for Professional Recognition in Sales and Marketing, are presented each year to builders, developers, architects, planners, interior designers, landscape architects, sales and others who have demonstrated building and design excellence in Palm Beach County and South Florida.

Earlier this year, J.R. Cattington won a Florida’s Best 2007 Platinum Award for Interior Design in the category of Custom Single-Family Homes Remodeling/Conversion for the Kaplan home. The Builders Association of South Florida (BASF), The Miami Herald, and El Nuevo Herald sponsor the Florida’s BEST Awards program. The Silver Prism Award in 2005 recognized J.R. Cattington for its design work on Toscana 3 South in Highland Beach, FL.

Locally, the firm's winning designs were showcased in June on the Encore House Tour 2007 in Scarborough Manor, NY, to benefit Open Door Family Centers. In October, a home designed by the company will be among the houses on the Harrison House Tour in Harrison, NY.

During the past 23 years, J.R. Cattington Interiors has distinguished itself as the quintessential interior design firm. In addition to designing the interiors of some of the most luxurious homes in New York, Boca Raton and Palm Beach, the company has fashioned a niche for itself working with real estate developers to create inviting public spaces and gorgeous model apartments.

Clients include Cappelli Enterprises of Valhalla, NY, for whom Stabile designed several model apartments for Trump Towers in White Plains, NY, and the models and common areas for One City Place, part of City Center. He also completely decorated three, full-sized model condominiums at the Sales Presentation Center of Trump Park Residences, the new luxury residential community for active adults in Yorktown that is being built by Louis Cappelli, Michael Cappelli and Donald Trump. Stabile and his team tastefully decorated a two-bedroom model residence, the lobby and spacious hallways for Zapp Properties of Somers, the developer of Briar Oaks in Briarcliff Manor.

Recently completed interior design projects by J.R. Cattington can be seen at the model homes at Stoneridge in Yorktown and at apartments at The Residences at The Ritz-Carlton, Westchester in White Plains.
